The following letter is to an Eastern lady now sojourning in Carmel:

Dear Mother:

We have so much to tell you that I hardly know where to begin but the first day in Paris was positive.

We left the training school about the 18th, and had 36 hours leave in Paris. We came out to a little house somewhere on the Aisne front. We are about 6 miles from the front. There are 250 men and 150 cars. There are 8 sections of Americans here at present. They are regulars, not the New York regiments. Ted Baird, Henry Thompson and Paul Tison are the only ones who have seen any fighting so far.

I will try to write when I can but I never can, so don’t worry because in case of any accident you will or would be informed at once.

That fellow Osborn who was killed in the ambulances a few days ago is my friend in Montclair. Do you remember?

His Country Comes First

Lake Percy Grenier, the Australian pianist, Ernest H. Schellering, the pianist, has responded to the call to subordinate art and revenue to work for humanity. He has announced his intention of joining the British Army for military work, or taking up Red Cross work. Schelling was born in New Jersey, is the son of an American father and an American mother. His wife is an American. He studied in Paris, Hans Heifer in Basel, Moszkowski in Berlin, and with Paderewski.
Belgian Relief Work

Belgian Relief Work is still vital in Belgium. Plans for future work are indicated in the communication here presented.

Now that the Commission for Relief in Belgium and Northern France has ceased its appeal to the public for help for the imports into Belgium, the California Committee under the Commission has been reorganized under the title of the California Committee for Relief in Belgium and France. The Government of the United States has continued to supply the bare ration of 7 cents of food per day, and there is still relief work that can and must be done in Belgium and in the recently evacuated districts of France, where need of sympathy and help is greater than ever.

Arrangements have been made for transmitting money to Belgium through His Excellency the Baron de Cartier of the Belgian Legation, and to France through Madame Jusserand, wife of the French Ambassador, both at Washington.

California has already been working for the children of the densely crowded mining and industrial provinces of Mons and Charleroi. Fortunately we can still go on doing this work.

We have a beautiful and attractive wife, Marie de Page, who has already been in the early part of the war in America to help in the work. She has made many warm personal friends here in California, and many of the group who were away, but went down on the ill-fated Lusitania.

It is hoped that California Red Cross can be established in her memory for the soldiers whose sufferings she had so much at heart.

The state machinery of the new committee is identical with that of old, and the office is in the 37 Mill Building, San Francisco, where much needed contributions will be gladly received for the benefit of the suffering people who for three years have shown a superhuman endurance.

Great Musician to Play Here

Alexander Saslavsky, concertmaster of the New York Symphony Orchestra, is the next famous artist to visit Carmel this season. He will appear at the Carmel Summer School of Music in a Sonata Recital with Warren D. Allen, and the program will consist of three works of supreme beauty — the "Chaconne," by Vitali, and two sonatas by Cesar Franck and Grieg respectively.

Mr. Saslavsky's war as an artist is recognized from coast to coast, and his annual series of concerts in Denver have just concluded after remarkable success.

Mr. Saslavsky is an enthusiastic exponent of ensemble music and his sonatas playing is that of an artist and an authority.

Four Score and Nine

Last Friday was Uncle Dol's Goldsmith's eighty-ninth birthday and Labor Day. As has been the usual custom, Carmel's Grand Old Man, purveyor of the birthday dinner at the hospital home of Mr. and Mrs. Andrew Stewart, visited his friends in Carmel. Next week he is to be dined by Mrs. E. K. deSalis.

Municipal Tax Rate Is Established

Carmel's first municipal tax levy has been made. At the monthly meeting of the City Trustees last Tuesday night City Assessor J. E. Nichols presented the assessment roll. According to this roll the total value of real and personal property in Carmel is $381,666. After estimating the needs of town for the current year, the tax rate was established at $1 on each $100 of assessed valuation. This tax will be due and payable October 22, and delinquent December 31.

Chairman Fraser expressed himself to the effect that the time had come to plan an extensive street improvements. "There are in Carmel," said he, "fifteen miles of roadway, and not one foot is improved. Under the Vrooman Act this work can be done so that the payments therefor will not be a heavy burden to property owners, and having done the work, property values will increase materially and at once." The board decided to work out a plan of action immediately.

Compensation insurance will be taken out for city employees.

The garbage ordinance was laid over for further consideration.

The city will purchase a cart and reel for the recently acquired fire hose.

Bills aggregating $218.60 were approved.

George Oliver and Ernest Schweninger have been excused from military service by the exemption board, on the ground of physical unfitness.

The sixty-seventh meeting of the City Council was held last Tuesday night in the City Hall. Chairman Fraser expressed the opinion that a street improvement committee be appointed at the next meeting to consider the plans and help in making the necessary repairs.

The financial report of the City Treasurer was read and approved.
